### And What Have You

By BOB CRAIG

It doesn't seem possible, but it is graduation time again. It seems like only yesterday that the last group of seniors graduated and here we are with another group of youngsters ready to go out and meet the world.

At least we are sending them out into the world. Whether they are ready or not is another matter. We doubt if there is anyway our schools or the parents themselves can really prepare our youngsters for the world that is facing them.

But for the most part we believe that those who have been leaders in school will be leaders outside, those who have managed to stay on top of their school work and have taken part in other activities will do all right on the outside. And those who have just barely existed in school will not likely do much better when they meet the outside world.

Elsewhere in this issue the businesses and merchants of Hamlin are offering their congratulations and best wishes to all of the graduates and we join them in saluting each one of you.

Like what we believe to be the majority of Americans, we were glad to see President Nixon finally draw the line last week on just how far we were going to be pushed in Vietnam. And like a number of others that we have heard we are just sorry that this action was not taken a number of years ago.

Like everyone else, including President Nixon, we would like to see us out of Vietnam and doubt if we should have ever gotten as involved over there as we did. But the important thing is that we are over there and have some 50 to 60,000 men still there.

And in spite of all of the protesters and some of our Senators and presidential candidates, we do not see how the United States can just stand idly by while Russia continues to supply all of the war material it takes for one country to over-run another.

We fail to see how our action is wrong and Russia's is right.

As for the McGoverns, the Humphreys, the Kennedys and the Fulbrights, we can only say that we are glad that our founding fathers showed more backbone then these men have exhibited.

Everyone of these men supported the action that got us involved but when the going got rough they were ready to sell out at any cost.

And as for all of the peace marchers, we could have a little more faith in their desire for peace if they were not so violent themselves.

The only hope we can see now for us to get our men out of Vietnam and get our POW's back home is for the country to unite behind the President and for him to stay with his vow to continue the blockade and bombing until our prisoners are released and a cease fire is declared.

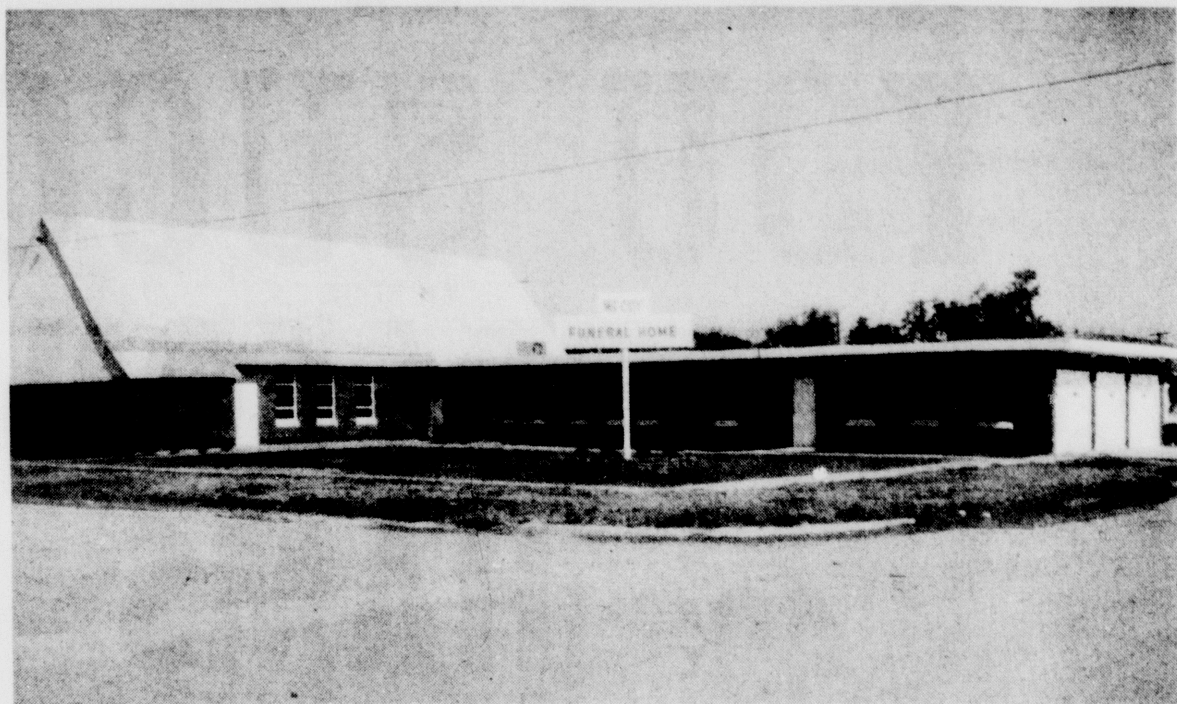

Another firm has expressed faith in the future of Hamlin by moving into newly remodeled quarters. This is McCoy Funeral Home which will be holding open house this Sunday in their new quarters in the building formerly built by the former housing the Faith Methodist Church.

McCoy Funeral Home is owned by Melvin McCoy of Sweetwater, who purchased the business from Bill Foster. It is being operated by Mr. and Mrs. Ralph Ferguson.

The new location for the funeral home includes a Chapel of Memories that will seat 140 and the building has been completely remodeled.

We noticed in this past week's Post Dispatch that the city of Post has started a crack-down on unlicensed motor bike riders. After noticing a

## McCoy Funeral Home Sets Open House Here Sunday

The public is being invited to attend Open House at the new location of McCoy Funeral Home Sunday from 2 to 6 p.m. The funeral home and Chapel of Memories at Southwest Avenue E and Fifth Street is owned by Melvin McCoy of Sweetwater.

The funeral home was purchased from Bill Foster this year and plans for remodeling the building originally built by Faith Methodist Church were completed and the firm moved to the new location May 4.

Ralph Ferguson, who has been with McCoy Funeral Home since July of 1969, is manager. He is assisted in the operation by his wife, Jerry.

The Fergusons said "We are new in town are are looking forward to meeting everyone. We appreciate the friendly

reception we have received and are very pleased to be in Hamlin."

The interior of the building has been remodeled and a triple garage was added at the east end of the structure.

In addition to the chapel which seats 140, there are carpeted posing rooms, reception room, selection room and office. Dark paneling, which enhances the Spanish furnishings in the reception room, was also used in the other rooms.

The funeral home is local representative for Rawlins Monument Co. of Weatherford. A monument display will be placed across the street to the east.

## HEARS PHONE PROPOSAL—

# Council Votes Increase In Water Billing Rates

The Hamlin City Council voted an increase in water rates at its regular monthly meeting here Monday evening and heard a proposal by Southwestern Bell Telephone Company representatives that would permit toll-free calling between Stamford, Anson and Hamlin.

The council increased the minimum charged for the first 2,000 gallons of water from \$2.50 to \$2.75 and increased the rates for each additional 1,000 gallons by 10 cents. The new rates will go into effect immediately and will be reflected in the June billing.

The new rates for the next 14,000 gallons used over the 2,000 minimum will be 70 cents a thousand and for all water used over the first 16,000 gallons the rate will be 60 cents. The old rate was 60 cents and 50 cents.

The council advanced two reasons for the increase, the first was that the city's water system was not paying its own way because of the many increased costs such as labor, meters and other costs. The second reason advanced was that the additional revenue that the increase would bring in was needed to balance the budget the council is preparing for the coming year.

It was the feeling of the council that it was better to put the water system on a paying basis rather than to increase

taxes to balance the budget.

The telephone company's presentation for toll-free calling between the three area towns was coupled with an informal rate increase. The proposal was presented by Bud McCasland, Hamlin manager; Bill Gilliland, Stamford manager; and Sam Ogletree of Abilene, district manager.

McCasland, in making the presentation to the council, said that Southwestern Bell has, for a number of reasons, postponed a rate increase request for three years now and that the last rate increase was made in 1960.

The extended area service (toll-free) between the Stamford, Anson and Hamlin exchanges would require an interim rate increase to take effect about 60 days after it was approved and another increase upon completion of the added service (about 18 to 24 months later).

The representatives pointed out that it has been 12 years since the company has asked for a rate increase in Hamlin and that last year the company's rate of return on their investment was only 1.31 percent. The firm's representatives cited inflationary increased costs during that period as making a rate increase mandatory.

McCasland said that the

proposed extended area service was being offered subject to approval by the three towns affected.

The proposed extended area service would affect a total of 7,670 phones which the company has in the three communities. A breakdown of the phones follows: Hamlin, 2,220; Stamford, 3,310; and Anson, 2,140.

If the extended area service is instituted, there would be a combined telephone book for all three communities. The combined book could be handled in several ways, the spokesman said. In the white pages, the towns could be segregated in one group, or they could be combined with the phone prefix identifying it by community.

The proposed interim rate request follows:

Business: 1-party, \$12.00, the present rate is \$9.50.

Residential: 1-party, \$6.00, the present rate is \$5.25; 2-party, \$4.70, the present rate is \$4.00.

The proposed rate, if and when extended area service is offered, would be:

Business: 1-party, \$14.50.

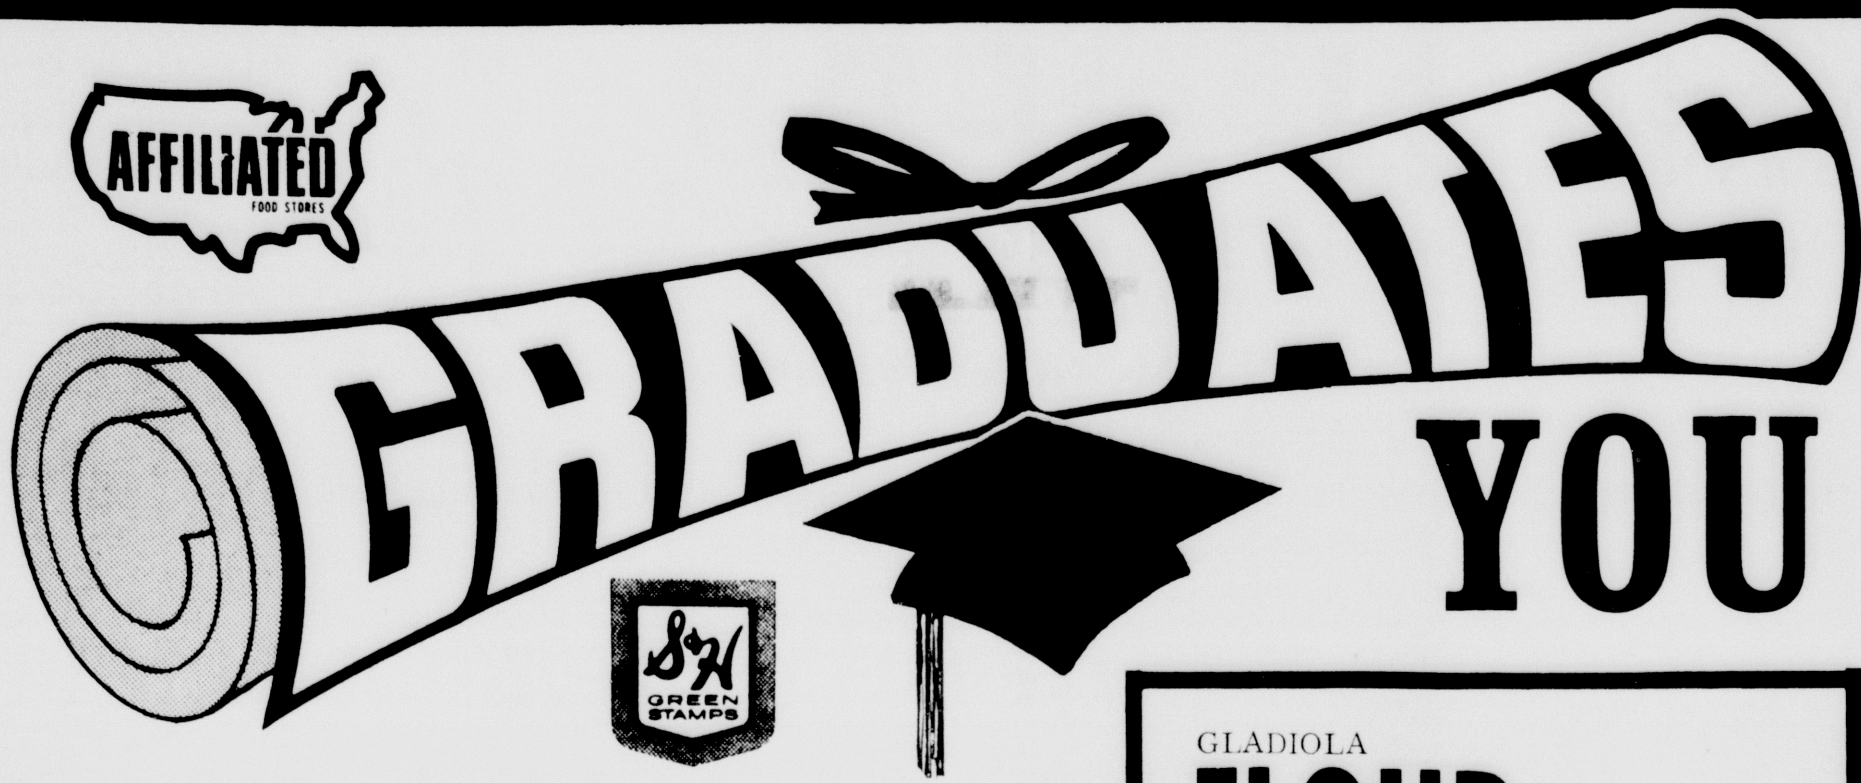

Residential: 1-party, \$6.50; and 2-party, \$5.15.

The council took no action on the proposal and told the representatives that they would study the matter.

**NEW MINISTER AND FAMILY** — Rev. C. G. Grigg, new pastor of Central Baptist Church, his wife, Judy, and children, Cynthia Lynn, 11, and Theron Gene, 8, are moving to Hamlin from Sylvester where he served the past 14 months as pastor of the First Baptist Church.

## Neinda Philosopher Alarmed Over Fact Cities Don't Want Conventions

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One seems alarmed over a trend he claims he's spotted.

Dear editor:

It's hard for me to figure out, but as I understand it a new problem has arisen in this country which a lot of people haven't noticed because when you've got as many problems as we've got a new one has to wait its turn to get recognized. We're probably two or three hundred behind now, backed up all the way from Hamlin to Washington and points east.

The new problem is, where to hold a national political convention. Nobody seems to want one.

It's a fact. The Republicans first decided on San Diego but were frozen out and then had to change to Miami Beach, and when they did the Mayor, Police Chief, and the people of San Diego generally cheered happily, as though a tornado which had been sighted coming their way had suddenly veered in another direction.

On the other hand, when Miami Beach was chosen, no less an organization than the city's Chamber of Commerce itself opposed it along with the police department. "We've already got the Democratic Convention and one's enough," they said. Who wants measles on top of the mumps?

This is strange indeed. It used to be that a national political convention was like a circus — everybody was in favor of its coming to town with the exception maybe of the picture show owner and the street cleaning department.

But now, well I'll tell you, when a Chamber of Commerce doesn't want a national political convention with its accompanying publicity, thousands of visitors and millions of dollars to show up in its town, there may be a trend developing that gives the problem a higher priority on the

waiting list than we'd figured. Have you ever stopped to think what'd happen if the Chamber of Commerce in Washington suddenly decided having the national capitol there was bad for business?

What'd happen if Austin got wind of the trend and decided it didn't want the state capitol either?

Coming on down, what'd happen if...whoa, I won't get any further as this might get too close to home.

Anyway, you see what an unsettling thing it'd be if nobody wanted any politicians settling down on their town, temporarily or permanently. What would we do with them?

I never thought it'd happen, but it looks like it's time for the Un-American Activities Committee to start investigating Chambers of Commerce. Something's wrong somewhere.

Yours faithfully,  
J. A.

## Plans Progressing for Fort Griffin Fandangle

The Fort Griffin Fandangle announces that great progress is being made on the 1972 Fandangle to be presented June 15, 16, 17, 22, 23, and 24 in the Prairie Theater, one mile west of Albany. On these six nights, the people of Albany — in songs and dances and play acting — with pageantry and comedy and showing off — Western style — present an outdoor show which recreates prairie history.

The show is called the Fort Griffin Fandangle. The fort Griffin part of the title commemorates a frontier fort, located 14 miles north of Albany, which was established in 1867 to protect the settlers from the marauding bands of Indians that were loathe to give up the beautiful and fertile lands that surround the banks of the Clear Fork of the Brazos River. Fandangle is a word found in the dictionary but not often used; to Albany people it means good times, music and merriment.

James Ball, director, announces that the script for this year's show will be very entertaining and will include many new songs and new talents. Alice Reynolds, music director, is also working on the script and music, as she has since the first Fandangle was presented in 1938. Marge Bray, choreographer for the Fandangle, is practicing new dance routines with the young people of Albany for the show. Volunteer groups are working daily cutting the grass and landscaping the Prairie Theater.

Ticket prices, all seats reserved, are \$5.00 for box seats; \$3.50 for center and center side seats; \$2.00 for side seats and bleachers. Mail orders arrive daily in the Fandangle office. The Box Office will open June 1st at the Fandangle office located at the Albany Chamber of Commerce. For brochures and ticket information about the Fandangle, write the Fandangle Office, Box 185, Albany, Texas 76430.

**THE FAMILY LAWYER**

*Fingering the Criminal*

Harriet, victim of a mugging, was summoned to police headquarters to view a lineup. One of the men looked vaguely familiar, but she felt too doubtful to pick him out.

A week later, she was called to a second lineup. All the men were different except one—the same one who had seemed familiar the first time. With her confidence bolstered, Harriet pointed an accusing finger at him and said:

"He's the man."

But at the trial, her identification was ruled out of court. The judge said placing the man into both lineups was an unfair way of singling him out and making him look guilty.

Witnesses to a crime are often asked to select the culprit out of a police lineup. As a means of identification, the lineup—usually consisting of prisoners or plainclothes policemen—is widely approved.

However, to be constitutional, the procedure must be carried out with basic fairness. Police must not "stack" the lineup so as to draw special attention to the man they suspect.

On the other hand, the participants need not be perfect look-alikes.

In another case, the suspect was the only one in the lineup wearing a black jacket. Admittedly, this made him conspicuous to some degree. But a court upheld the procedure anyhow, since the jacket happened to be the man's regular attire.

Furthermore, even if the suspect is conspicuous in one respect, the witness may have other legitimate reasons for making the identification. For example:

A burglary suspect was placed in a lineup while wearing distinctive clothing. But the witness who picked him out did not rely just on his apparel. He said he recognized the man mainly by his height, his weight, his voice, and his posture.

The court decided that, with so much to support it, the identification by the witness was indeed worthy of the jury's consideration.

## Memorial Day Coffee Sales To Help Rehab Program

Restaurants throughout the Big Country are joining hands with the West Texas Rehabilitation Center to underwrite the Center concentrated summer program for 80 boys and girls.

Waitresses in participating restaurants in Abilene and the surrounding area will be selling Memorial Day flag pins for \$1.00 each. The wearer is entitled to free coffee in any of the restaurants participating in the project on Memorial Day, Monday, May 29. Friends of the Center are encouraged to buy and wear the flag pins to insure that this year's summer program will become a reality.

According to W.T.R.C. Executive Director, Shelley V. Smith, the summer session was inaugurated last year, and because of the concentrated nature of the program, many of the youngsters were enabled to enter public schools ahead of schedule. However, because projected income from this year's Easter Seal campaign was far below expectations, the Center does not have the necessary funds to conduct the program this summer. According to Smith, the idea for the Memorial Day coffee project was conceived to raise the required funds.

The summer session is tentatively scheduled from June 5 — July 14, 1972, and includes speech and physical therapy programs. In addition to the therapy sessions, the youngsters will visit the circus, rodeo, zoo and climax the summer program with a frontier festival.

Waitresses in all participating restaurants began selling flag pins May 14.

## Forty-Three Years Ago

The rain that fell over the Hamlin trade territory Sunday was one of the most beneficial we have had this year, it coming at a time when it was much needed, immediately after farmers had finished planting. While it was of a nature that fell in spots, it covered a vast territory, and gave moisture where it was most needed. For the closing program of the Plasterco School, a playlet, "The Awakening" will be given at the auditorium Wednesday night, May 22, at eight o'clock.

An invitation to all ex-members of Fairview Church to attend a "Home Coming" and celebration of the 41st Anniversary of the organization June 2, 1929.

Thursday evening, May 9, the Junior Class of the Hamlin High School presented their annual class play at the Mutual Theatre to a large and appreciative audience. A nice little sum was realized which will be used in helping finance the banquet, an annual courtesy which is tendered the Senior Class by the Juniors.

Baize Bros. and Fagan, sacred and popular singers and entertainers in vocal and instrumental numbers, will be at Hitson, Tuesday night, May 21, and at Neinda Wednesday night, May 22. Begins at 8:30. Admission is 25 cents and 35 cents.

## Twenty Years Ago

Three Future Farmers of America judging teams from Hamlin High School qualified for participation in state contests when they placed in contests for boys of Areas I, II and IV held Saturday at Texas Technological College at Lubbock. The dairy judging team placed fifth. The livestock judging team was ranked

sixth and the poultry judging team was rated third in the production division.

Work on the City of Stamford's Paint Creek dam, 16 miles northeast of that city, from which Hamlin will purchase water, is now about 45 percent complete. The contractor has been cleaning out the creek channel and completing the core trench across the creek. This work has been held up because of the recent rains. The rainfall has been enough to fill the creek channel and has been directed around the dam.

## Ten Years Ago

The Hamlin Jaycees will hold their annual Junior Tennis Tournament this year on May 25 and 26. Winners of the local tourney in both the boys and girls junior and senior divisions will receive an expense paid trip to the State Jaycee Tournament to be held in Wichita Falls in July.

Beginning Thursday, Friday and Saturday of this week and continuing through Thursday, Friday, and Saturday of next week most of the merchants of Hamlin will begin issuing "Auction Dollars" with every purchase made in their stores during this time that will be usable at the big auction to be held on Saturday, May 19, in downtown Hamlin.

Closing activities of the Hamlin Schools has been announced this week by Superintendent C. F. Cook. The High School baccalaureate services will be held Sunday, May 20, at 8:00 p.m. in the high school auditorium. Commencement exercises will be held on Monday, May 21, at 8:00 p.m. also in the auditorium. Dr. Guy D. Newman, president of Howard Payne College of Brownwood, will be the commencement speaker.

AUSTIN — Texans displayed at May 6 primaries a strong enough desire for new state governmental leadership to assure a change in top offices and a major legislative turnover as well.

Reform candidates Dolph Briscoe of Uvalde and State Rep. Frances (Sissy) Farenthold of Corpus Christi charged into the Democratic gubernatorial runoff. Mrs. Farenthold scored a stunning upset over Lt. Gov. Ben Barnes. Gov. Preston Smith finished a distant third. Republican gubernatorial runoff candidates are State Sen. Henry Gover and Albert B. Fay, both of Houston.

Houston newspaper executive Bill Hobby lead State Sen. Wayne Connally of Floresville in the lieutenant governor's race and both already are campaigning hard for the June 3 runoff.

John Hill of Houston squeaked through without a runoff over Atty. Gen. Crawford Martin and Bill Pate of El Paso.

From there on, the statewide incumbents managed to stay on top. One, Comptroller Robert S. Calvert, led widely but was forced into a runoff with a former employee Jim Wallace of Austin.

## Two Students Get Mention For Fire Posters

Two Hamlin eighth grade students received honorable mention for their entries in the State Fire Prevention Poster Contest, according to Mrs. Rodger Bell, junior high school art teacher.

Receiving the honor were Stacy Brown and Tammie Harris.

The local contest was sponsored by the Hamlin Volunteer Fire Department.

Former U. S. Sen. Ralph Yarborough has a runoff with Barefoot Sanders for the Democratic nomination to face GOP Sen. John G. Tower.

There will be at least 14 new faces in the Texas State Senate, and all observers concede the body will be more conservative than the present Senate. Six senate seats will be decided by runoffs. Republicans will oppose Democrats in 12 general election races. One Republican Senator is unopposed.

In the House, a total of 64 incumbents did not seek reelection or were defeated. (Actually, 14 were defeated.) Sixteen more incumbents were forced into House runoffs, including Speaker Rayford Price of Palestine. More than 65 incumbent representatives were renominated. Republicans were nominated in 76 of the 150 districts.

## Grand Jury Probe Begins

Travis County grand jury this week began an investigation of hiring practices of two state legislators.

The panel subpoenaed daughters of Sen. David Ratliff of Stamford and Rep. John Allen of Longview and several other witnesses. Ratliff and Allen hired each other's children over a period of years.

House and Senate payroll clerks have been instructed to bring their records on certain employees of Ratliff and Allen. Ratliff resigned April 26 after widespread newspaper coverage of the hiring practices.

## Mission Seeks Business

A 10-member Texas trade mission team in Moscow and Bucharest may return with more than \$60 million in business for oil drilling and petrochemical manufacturers.

Texas Industrial Commission said the mission which began last month offers an opportunity for Texas to take the first step toward capturing a portion of a virtually-untapped \$22 billion market in Eastern Europe.
